Remarks: University facilities lie mainly in an area designated a
demilitarized area by an agreement signed 7 Jul 1948 by Israeli and
Jordanian military commanders. Israel and Jordan disagree on the
boundaries of that zone and on the limits of no man's land between
the Israeli and Arab enclaves within the zone. Land within the
Jordanian version of the zone boundary is generally recognized as
Israeli territory. Land between the Jordanian and Israeli versions
of the boundaries is disputed. Land outside the Israeli zone
boundary is recognized as West Bank territory. Building counts
include only structures in disputed and West Bank territory.
Population figures, however, apply to the entire university complex.
